Pastor: Jeremy Ferguson

Dear praying partners,

We are always blessed as we know that you're always having a quiet time praying for the Lord's work for the Aeta people. We thank each and everyone brethren because your prayers are heard . This month ,we had a lot of activities done and blessings that we received from the Lord.

The church at Tarik (first church) is has resume our Bible Institute Program with the unit Doctrine of Salvation. May I ask for prayers for more wisdom and for the students understanding. For they're having a hard time reading English materials. We are also training these people to preach especially the young men. And Sunday School ministry for young women. Please pray for bro. Miracle Lansang and Bro Eduardo Gutierrez as they are training up for preaching. Even though at the very young ages, these two were showing up great interest serving the Lord. And as a young people many temptations were gone out on their way. Please pray for them to fight the good fight of faith.

Please pray also a young man name Abby Lansang as he professed for baptism two weeks ago. This man lived in our place after his motor accident. Then, as we go house to house and meet him and he listened to regular bible study and go to church until now. And please pray for our church at Tarik for reaching more souls to Christ and training more servants for the Lord. Our church place were filled with thirsty souls for the Lord. May we ask to pray for them . we know that Satan really desires to ruin their lives. Also please pray for my younger brother, Robby D. Lalu, as he desired to attend our church service every Sunday. Please pray that he receive the salvation and may be able tu used by God to His work someday.

Recently, one of our members donated the land where we held our church congregation on a hut. But please pray as we settle the papers needed for the approval of barangay council because not all the officers are happy in the Lord's work. Please pray for the approval and to release the agreement between the said land so that we may be able to step on another plan for the Lord's house.

Music ministry and church congregation

The church at Planas has a lot of works and challenges facing. This month will be the opening class for Reading and writing ministry for illiterate aeta people. It will be also a great time to share the gospel to the students and opportunity for the embers to read God's word. Last two weeks, one of the members of the church, sis. Maida Nacu had a problem regarding his son Jr, for he broke the window of his neighbors and causes him to put in jail, Jr was drunk at that time that's why sis. Maida was down with shame and hopelessness. Then we talked about it and reminded her about the words of God. Please pray for the church at Planas and the salvation of lost people there including Jr.

Bible School and Activities

Together with pastor Jeremy Ferguson, we are still reaching the Aeta people here at Pasbul Porac, Pampanga. Even though it is hard to go there due to high-elevated, rough, rocky-road place, by His grace people can still heard the Gospel. Please include this place in your prayers.

Recent works for the Lord at Pasbul.

We thank you for your unceasing love, prayers, and financial assistance towards the work of the Lord for The Aeta people. I know nothing can compare of what Christ hath done for me. So I'm praying to be used by God in some very small way like these. To God be the Glory.
